### Comment text:

We would like to respectfully request that the boundary of Wickhamford Parish include residents of Willersey Road through to Bower Hill as mentioned by various other residents it would work on so many levels. Years ago when we bought our property the estate agents brochure had Wickhamford as our address had we known it was Badsey we might have had second thoughts on the purchase, however we went ahead. In our 12 years here we have had no interaction from the Badsey Parish but as our property adjoins Wickhamford we have more connection with them, at the moment we feel somewhat isolated and abandoned
