The proposal to put Peopleton into a Ward with Drakes Broughton doesn't make sense to me. We have much more in Common with our current neighbouring villages such as Upton Snodsbury, White Ladies Aston and Churchill as most of our villagers children go to first schools in those villagers and we share many common other activities with them. If we join with Drakes Broughton we believe that we will be in competition for resources. A major concern for me is that it will lead to us being subsumed into the overall development plans for Drakes Broughton as it expands and as such our needs will be diluted.
