We are disappointed to see that our resident request to move the community identity of Bowers Hill, [REDACTED] from the ward of Badsey to the ward of Wickhamford has not gone ahead. We are not considered part of the Badsey community and have already experienced great support from the Wickhamford ward over local issues when our own ward of Badsey have offered very little! The rural ward of Wickhamford is a better match for the rural community of Bowers Hill on many levels. Postal runs, waste collection as examples are already in line with the ward of Wickhamford and not Badsey. The Wickhamford ward is metres away from the start of [REDACTED], 7HE through to Bowers Hill at WR11 7HG. The three postcodes span approximately 1 mile. The furthest point being our house just inside the County Boundary. We urge you to reconsider moving the community identity of the parish ward of Bowers Hill to Wickhamford.
