Comment text:

After reading the proposals, North Claines Parish Council notes that there are roughly 130,000 people living in WDC so on average every councillor should have 3,000 people to look after. Our ward has 2 councillors and roughly 6,500 people so we think that we have the right number of councillors for our size. North Claines Parish Council advocates no change to our ward North Claines and Fernhill Heath is a cohesive unit because the A449 dual carriageway is a key boundary to the west and south; the A38 on the east. All our facilities are centred on Fernhill Village which is recognised in the Neighbourhood Plan. > > North Claines Parish Council proposes that to have a ward which incorporates the villages south of Droitwich bounded by the A449 to the west and south, the A38 to the east and the A4133 to the north would be a more cohesive unit. >
