Postcode: [REDACTED]

Organisation Name: Durham County Council Conservative Group

Comment text:

The following comment relates to the Evenwood division, from Cllr Rob Potts Hi Richard, The main links with our area, are the close proximity to both Etherley and Toft Hill, because which both sets of locals have close relations, unlike West Auckland, from which it physically separated. The other link is the bus services for both Escomb and Witton Park, travel from Bishop to both areas, then through Etherley and Toft Hill, before returning. This is unlike West Auckland and St Helens who have no transport links, making the residents feel separated from its current representatives. Robert
