I note that it is proposed that Middridge Parish should remain part of an Aycliffe North & Middridge Ward. I agree with this, since most of our Parish links are with Newton Aycliffe, because:- (a) Middridge is in the same Parliamentary Constituency as Newton Aycliffe. (b) Middridge is in the Great Aycliffe & Middridge DCC Area Action Partnership (AAP). (c) Middridge children attend schools in Newton Aycliffe. (d) The majority of Middridge residents use shops, public services (doctors and dentists), and sports facilities in Newton Aycliffe. Personally where practical I favour multi-member Wards, as these increase the chances of electors having at least one County Councillor who represents their own political views.
