### Comment text:

Paul Woodhead – Chase Community Independents Group Submission December 2022 Similar to my previous submissions there are some key elements which I highlight for comment • The wards which make up the Hednesford Parish are not co-terminus and this will create an inequality of representation and community cohesion for the area known as Hednesford by the community. • It is ludicrous that the Hednesford identified wards do not include the home of Hednesford Town Football Club and the boundary should be adjusted to follow Keys Park Road/Brickworks Lane and Sweetbriar Way and include Hill Street to the roundabout with Hayes Way to reflect the area known as the community of Hednesford • The name Hednesford Pye Green does not incorporate the actual area known as Pye Green which includes the estates to follow the road of Rosehill. This should be incorporated or the name changed to Hednesford Chase • Bringing the Rumer Hill area into Hawks Green is supported but should have the name incorporated in to the ward • The Norton Canes ward should be moved further south to reflect an area in the Local Plan expected for development South of Lichfield Road/Cannock Road which will be part of Heath Hayes. Follow newlands Lane and the southern boundary of the landfill site • The Power Station site development should be moved back to be part of Brereton and Ravenhill and not part of Rugeley as this reflects to community links to be built in this area • I am not sure where the dwellings around Sukers Lodge, etc are exactly on the map provided along the ward boundaries of Hednesford Pye Green, Hednesford Hills & Rawnsley, Etching Hill and the Heath but these should sit in Hednesford Hills & Rawnsley • I prefer to move away from compass point ward names and suggest Cannock South > Cannock Town & Bridgtown, Cannock West > Cannock Shoal Hill & Blackfords, Cannock North > Cannock Chadsmoor • The bit of the boundary along Gorsemoor Road for Heath Hayes & Wimblebury and Hawks Green needs tidying up so that only Gorsemoor Road is in Heath Hayes & Wimblebury whilst the bits on Meadow Way and Kensington Place be wholly in Hawks Green.
