Comment text:

Although I do not live in the Cathedral ward, it is huge and I think would be better served by being split in two. Like St Peters where I live, I think one ward for the Warndon Villages area would make sense and then the rest of the area covered by Parish North and South merged with neighbouring wards. Maybe a review of the existing names to reflect the areas they cover - St Stephen's Church isn't in St Stephen's Ward for example.
