Comment text:

I write specifically relating to Limpsfield. I understand that one of the objectives of the review is to have 14 three member wards. To make Limpsfield a three member ward it will be necessary to combine Limpsfield with Tatsfield and Titsey. Whilst Limpsfield and Titsey could easily be combined and have many similar attributes. There is no commonality between Limpsfield and Tatsfield, one Parish is located south of the North Downs, Tatsfield is heavily concentrated above the North Downs. It would be a most unnatural combination which would be equally disliked by Tatsfield and Limpsfield residents, simply to achieve the objective of creating a 3 member ward.
