**Related subject:** Earley

I can broadly support the changes to Earley especially the inclusion of Ryhill way area into Earley and giving proper consideration to the whitegates ward.  
the names however are pretty dire and would be better consideration to areas that are unifying figures/icons to the areas being represented that was previously done.  
The former four wards were based on their parish names and major schools respectively and i suggest that this be done again.  
South East Earley should retain it's Hawkedon name  
South West Earley should retain it's Hillside name  
"North Earley" however is both North and Old Earley centered around where the town originated around St Peters Church hall and Sol Joel Park.  
My suggestion is to name the ward either Sol Joel Ward, or Earley Crossroads to represent the original nature of that ward.
