Related subject: Councillor numbers and independent review

We only need a maximum of 2 councillors per ward, and in an ideal world ones who actually live in the ward as we would know they were doing the best for where they live. The cost of having 3 councillors per ward can not be sustained, especially when you review their spending and “perks” of the job. Gateshead has been missed managed for years and an independent review into the councils spending and structure throughout is needed.
