Organisation Name: (Member of the public)

Comment text:

We are responding to the email recently received from our Lib Dem Councillor for Low Fell ward giving our total support for that Party's desire to cut the number of councillors on Gateshead Council by the number specified in their recent email to us.

Our reasons being that the majority of councillors in Gateshead are representing Labour and historically this Party has been inactive throughout Gateshead and surrounding areas to warrant them being paid for doing absolutely nothing! We could not possibly support any single one of them and its time their big fat pay cheque was stopped immediately.

Regards
