Comment text:

With reference to Burntwood, there is a whole section of the town which is based in Lichfield Rural South and that just doesn't make any sense, its in Burntwood and should be in Burntwood South. The Boarder should be Hospital Road. Ive attached a picture to show why. Also Lichfield Rural West has the "St Mathews" Estate in it, which is again in Burntwood, its very confusing, should be in Burntwood North. I think geographical representation is better than trying to fill numbers. Also means you can go to the right Councillor for the whole town rather than a Rural one for one thing and a Town one for another... confusing.
