### Comment text:

I live in Doxey, part of Stafford. My immediate local concerns have little to do with being a part of a large rural constituency (Gnosall and Doxey) which encompasses rural towns and villages such as Gnosall, Haughton, Ranton, Woodseaves, Church Eaton etc. which are a long way from where I live and with a wholly different set of concerns. I am Staffordian and the issues that effect me are much more akin to those of the Stafford constituencies (especially West and Central), I would therefore want to be represented by somebody with a focus on Stafford town matters rather than a large, mostly(In geographical terms) rural focus.
