I feel the Westoe ward boundaries are about right at present. I think the residents in the current ward, feel they live in “Westoe” , not all but most. At the edges some will feel they live in Harton, some in Beacon and bents, and some in West park. I think if we were extending the boundaries, I have always felt Westoe cemetery was a part of Westoe, but it sits in Beacon and Bents. Possibly some surrounding housing could be brought into Westoe if numerically necessary. Also the boundary of King George Road, where we have one side of the Road in Westoe, and one side in West park, I feel the people who live on the West park side of King George Road, may feel more connected with the Westoe ward.
