Comment text:

It is disappointing to see the potential boundary changes impacting Cottier Grange estate.

Given we are the furthest point from Stocksfield and would have to drive through Prudhoe to get to Stocksfield this boundary makes no sense - will be divisive and will leave the people on these estates unsupported at a County and Town council level.

As a resident of this estate and a a long term resident and business owner in Prudhoe I strongly oppose this change and encourage other residents to oppose the changes as well.

Regards,
