## Comment text:

My first view, is to Object to the proposed boundary change for Barns Park Estate

Main View, Your Map is not detailed BUT what on earth does Barns Park residential estate have in common with a Brown Field Industrial estate and a railway station

In the past I have had successful dealings with Cllr Mark Swinburn, I have lived here for over 40 Years , a change of Councillor along with my opinion on many subjects could be diluted because of a different demographic between these 2 proposed areas

You do not give any explanation to what would be covered within this proposed change
