## Comment text:

**Related subject:** The new estate on the old Prudhoe Hospital site

The map suggests the new housing estate may end up as part of Stocksfield. This makes no sense at all. It is firmly in Prudhoe historically and socially. It is next to Prudhoe golf course and the estate's main entrance is in Prudhoe. The inhabitants will be affected by Prudhoe issues not Stocksfield ones. My background is as a Prudhoe GP of 30 + years
