Comment text:

Dear LGBCE,
I would like to Oppose the proposed Annitsford, Burradon & Backworth ward within your suggested boundries for North Tyneside.
I believe that the Annitsford, Burradon & Backworth shares
In no way can Backworth have anything in common with Annitsford and Burradon given both the distances apart and the already social ties Backworth enjoys being part of the costal area towards Earsdon Shiremoor and North Shields. Backworth has direct short road, bus and walking distances to Shiremoor, metro and Silverlink and are totally Alain to that of Burradon and Annitsford which really are nearer Cramlington. I can,Äôt think of any other reason for these boundaries to be changed other than for political reasons and not for the interests of the communities. Whoever put these proposals together need to have their heads examined if they think we can,Äôt see through this manipulation of voting tactics. I reject every part of this proposal.
Many thanks
