Comment text:

Dear LGBCE,

I would like to support the proposed North Shields ward within your suggested boundries for North Tyneside.

I believe that the North Shields shares ["Shared sense of community", "Shared local groups", "Shared issues around Anti-social behaviour", "Shared amenities like schools, shops etc"]

I'm in favour of any action taken that joins the North Shields Community together and keeps us together. I have lived in this community for almost forty years and I have become aware of a fracturing of the community due to an increased diversity of humanity who don't understand the culture and history of North Shields.

Many thanks
