## Comment text:

I understand that there is a suggestion that you remove the councillor representative from Tatsfield and incorporate Tatsfield within another local area.

This in my view would be massively detrimental to Tatsfield. The village has its own very unique set of problems which can only be addressed by someone who lives in the village.

Tatsfield is on the cusp of 3 counties, Kent, Surrey and Greater London and whilst we pay our council tax to Tandridge our doctors' surgery is in Greater London and all medical journeys have to be made within Greater London, which as you know will become a new ulez zone very shortly. The village is served by only one practical bus service that goes to New Addington. We need our own champion to ensure that this is preserved and enhanced.

My address is Tatsfield, Westerham, Kent and yet the rubbish tip that I used in Riverhead, Kent has now been closed to me unless I pay a significant fee. I now only have the option of a small and awkward tip in Warlingham.

These are only a few of the individual problems that we face living in Tatsfield and to suggest incorporating Tatsfield within a larger area would be an unfortunate and retrograde step for everybody within the village.
