**Related subject:** The Wards of Illingworth and Mixenden, Warley, and Ovenden

There hasn't yet been an explanation by the council as to why there needs to be a further three councillors. Nor has there been any answer given to the direct question of if the council are cutting services due to a cash shortage, where the funding for these three new councillors is coming from. We cannot afford three more councillors as a borough.

We have had, for the last ten years, ward councillors promoting the idea that one ward has been split into two wards. Most noticeably at ward meetings, where they introduce and open the meeting under the wards "new" name and themselves as the respective ward councillors. Back to the pre March 2003 (Last change) boundaries in parts. The councils own website even, is promoting their views, that a ward has been split. Whilst this consultation is taking place.

If there are to be changes to ward boundaries, Three suggestions with regards the current Illingworth and Mixenden boundary.

### Western Boundary

Continue the boundary from Clough Lane (Junction of Clough Lane, Moor End Road and Balkram Edge Road) Westwards along Balkram Edge Road, to its junction of Mount Tabor Road. Then head North, along Mount Tabor Road, to Cold Edge Road which then becomes Withens Road, before reverting to Cold Edge Road. With this last road being the boundary, along their length.

Current housing plan has shown the area bounded by Hunter Hill Road, Clough Lane and Balkram Edge Road as an area suitable for new housing. Current boundary may mean that individual properties will sit in two wards. Similarly the area to the North of Balkram Edge Road,

Individual properties may sit in two wards.

Walls may be removed, roads will remain largely unchanged, except for possible new access roads.

#### Southern Boundary

From the junction of Strait/Straight Lane, Mixenden Lane and Raw Lane. Continue the boundary down Raw Lane, past the church entrance (Church Terrace) to the A629 Keighley Road. Again the area to the north of St. Mary's Church has been viewed and surveyed with a view to housing being placed on it. Church Terrace was renamed, due in part, to one planned housing development.

#### Holly Park Way

That any boundary change include this road in its entirety. Using the road and the NW corner of the park as well as the road.

The three picture uploads with this response show the areas concerned
