Comment text:

No changes are needed. Leave well alone. We are part of Warley Ward. I disagree with any changes to the boundaries.

No more councillors are needed.

It's a waste of public resources better spent on fixing our roads, providing local services, better care and providing semi-rural communities like mine with decent Internet (as there are no plans at all for city fibre to be laid in our area severely disadvantaging us from the rest of Halifax)
