[We the people have not collectively consented to be governed, more so by corporate legal entities who defraud all living men & women via the crown copyrighted legal name & don't seem bothered of the scale of the fraud. we do not need boundaries, fences, walls, wards or any other restrictive albeit invisible method that impinge our inalienable right to live, work, play & travel etc. We are not 'legal Person' corporate legal fiction created to contract, we are physical living entities. Fraud vitiates everything.]
