Related subject: The boundary between Town ward and Northowram & Shelf

I live on the junction of Boothtown Road and Claremount Road. My address is Boothtown Road, yet we are in an outpost of the N&S ward. The houses opposite are in Town ward but not us. I would love it if you could shift the boundary slightly so that we (the right hand side, going uphill, of Boothtown Road from the junction with Claremount Road to the junction with Ploughcroft) are in Town rather than N&S ward which has no interest in us.
