Comment text:

I am unhappy about the variation in the sizes of the proposed ward changes. I am particularly concerned about how the changes relate to the old Cloverdale ward. I feel splitting of Bableside and creating a large Kettering Central ward does not seem reasonable. I would like to see 2 wards of equal size i.e 2 councillors each. The Bableside ward area could be extended to include the area up to Kingley Avenue or even up to William Street/All Saints Church to accommodate this. I live on Bableside and do not feel it should be separated or that people in the extension area I mentioned identify with Kettering Central.

Kind regards
