Related subject: Moving Cottingham/Middleton/East Carlton into Desborough Ward

I fail to understand why the above 3 villages are being moved over to Desborough Ward when we are only 3-4 miles outside of Corby. We are being expected to vote for Councillors we probably have never heard of or don't have any interest in our area. As Corby is our main shopping town and our previous Sovereign Council surely it would be in our best interest to be able to show our local Cllrs our support and our local MP, there does seem to be some political gain in favour of one party the way all the boundaries have been set.
