Organisation Name: Badger Parish Council (Parish or town councillor)

Comment text:

The review appears to re-locate Badger Parish within the grouping of Worfield and Claverley. Badger Parish has little connection with the proposed area and is associated on a social, ecumenical and geographical level with Beckbury and Ryton. The proposed disassociation will make representation disjointed and much less efficient for the local populations, where matters of concern affect these villages, particularly the link between the villages of Beckbury and Badger
