## Comment text:

**Related subject:** Bicton, Tern division

Bicton Parish should remain in the Tern division, we have common transport/infrastructure/community links with Bomere Heath and Mytton. The current proposal joins Bicton with Longden. There is currently little shared infrastructure interest between Longden and Bicton. Transport and educational links would not be viable.

A potential compromise would be to combine Bicton with the Loton division. Bicton has historical, social and infrastructure links with Montford and Shrawardine which would make a better strategic partnership than Longden.
