## Comment text:

**Related subject:** Bingley

I feel Bingley does not get a fair proportion of the Precept from the Bradford Council. Drains on hills in the area are never cleaned or swept even when this will lead to flooding. Most people in the area are proud of Bingley. The High Street is awash with empty buildings ending up looking neglected. The swimming pool is badly in need of updating too. I feel if people who reside in Bingley would be totally aware where monies should go.
