Members of the public should have been provided the opportunity to decide if 90 Councillors are required to serve the 30 wards in Bradford. As this has already been decided, I would like to see part of the Heaton ward merge with the Shipley ward. My postal address (including the postcode) is for Shipley yet I come under the Heaton Ward. This is it self is confusing!  
Do you have a comms plan or EQIA for this consultation?
