Wards should remain as they are. They function logically and have no need of change.  
I strongly disagree with the view of Philip Davies MP and Robbie Moore MP that Shipley and Keighley should have their own joint local authority. This is nonsensical, would add more bureaucracy and cost and is not even supported by their own party in Parliament! The campaign is a waste of the time of these MPs and should rather be spent on the many challenges facing their Wards.
