## Comment text:

I am a little surprised that the number of councillors will remain at 66 I would say that perhaps 30 would be too many - jobs for boys !!!  
This seems to too many as I believe that this is a huge waste of money which could be put to better use .  
The ward I live in is a real mess - there are 3 councillors and nothing really gets done unless it involves a photo opportunity .  
I my area in Ryton the number of councillors could be reduced to one .
