Comment text:

We understand that the Boundary Commission for England is in the process of reviewing all levels of Derbyshire local government and that there are three levels:

SOUTH DARLEY PARISH COUNCIL:

The parish council has already successfully lobbied to retain Oker and Snitterton as a ward in South Darley Parish together with Darley Bridge and Wensley.

DISTRICT:

Currently, with the strong support of residents, Derbyshire Dales DC is actively seeking to reverse the decision by the Boundary Commission to hive off Oker and Snitterton to Matlock West District Ward.

COUNTY:

The Boundary Commission is now seeking the views of Derbyshire residents regarding potential revisions to ward boundaries for the County Council.

My wife and I are residents of South Darley Parish and in response to the proposed changes wish to register the following objections:

1) we strongly emphasise the connections within South Darley parish between the rural communities of Darley Bridge, Oker, Snitterton and Wensley (rather than with urban Matlock): not least through the local organisations such as the South Darley parish church, South Darley Primary School, South Darley village hall, South Darley and Wensley Reading Room and a range of societies and groups.

2) we strongly urge the Boundary Commission to follow the parish/town boundary in this area, and NOT the district wards (which the Parish Council are seeking to overturn).
