Related subject: South Darley Ward

South Darley Parish Council has lobbied successfully to retain Oker and Snitterton with Darley Bridge and Wensley. There is no merit in the proposal to hive off Oker & Snitterton to Matlock West District Ward. This would be linking 2 rural hamlets, currently part of an established community, to the new urban housing developments where there is no connection. We would urge the Boundary Commission to follow the existing pattern of parish boundaries.
