## Comment text:

**Related subject:** Possible change from Uttlesford to Braintree

Having lived in the Uttlesford parliamentary division for over 40years I strongly oppose any change of electoral boundary. As an area we have no connection with Braintree. Doctors dentists schools shops are all in Dunmow. We are a rural community and Braintree is allowing all green spaces to be built upon. I haven't shopped or visited the town in years, we have nothing in common with them or their council or MP
