Comment text:

Sirs,

As a former County Councillor for Wythall Division I would strongly urge you to incorporate the southern parts of Wythall parish into the remainder of Wythall Division.

It makes no sense to local residents for their County Councillor to be one representing Alvechurch which is a small community some distance from Wythall.

When I was the County Councillor for Wythall I frequently received enquiries from residents living in south Wythall and I had to explain that they needed to speak to the County Councillor for Alvechurch!

During my 8 year tenure of Wythall Division I was convinced that I could have handled all matters relating to the rest of the parish and as a local person I knew the area very well.

Regards,
