I am supportive of the commissions draft proposals of my area- Doxford ward. The proposal keeps Moorside & East Moorside within the neighbouring area that run either side of Doxford Park Way and would therefore not make sense to place them within a different ward such as East Herrington or Farringdon as there is no clear link to these communities.

In the draft proposals it was suggested that the terrace streets south of the main road in Silksworth be put into the Doxford ward however I would like to suggest putting these into the Farringdon and Silksworth ward as these houses are an integral part of Silksworth and the housing stock vastly differs from the new build estates across the vast majority of Doxford ward. The people living in these terraces see themselves as part of the Silksworth community.

I believe that the boundary between Doxford and Ryhope wards should keep all of Tunstall Village within the Ryhope ward along with Tunstall Bank estate as the residents see themselves as living in Ryhope along with residents in Skipsea View & Withernsea Grove that should also be within the Ryhope ward.

Finally I think the boundary should run down the new road of Rotary Road which would create a clear, identifiable boundary.
