Related subject: St Stephen's Ward

St Stephen's Ward currently meets well the criteria of community identity and practical convenience. At the heart of the ward are the shops, school, church and pub of St Stephen's Hackington. Two strong residents' associations, St Stephen's Residents' Association and St Michael's Road Area Residents' Association, converge on that focus. The closely linked open spaces of Beverley Meadow and St Stephen's Green are also at the heart of the ward. These are the location where community celebrations were organised for the Platinum Jubilee and for the Coronation. I hope that this community identity will not be disrupted, other than marginally, by any proposed changes.
