Related subject: Hendon

The ward of Hendon needs to remain whole, splitting Hendon on villette road is not acceptable. It will cause a lot issues for residents who rely on services from back on the map. It needs to remain whole and it could be included with the new Grangetown ward. Middle hendon being added to the new central ward will create alienation of middle Hendon and give them less representation as it is already one of the most underfunded and deprived areas in the city. Please reconsider the new boundary and leave Hendon whole.
