**Related subject:** Hastings hill moving in with Pennywell

Hello

I have lived on Hastings hill for the last 35 years and i totally disagree with the council wanting us to joining Pennywell and agree with the Boundary Commission the leave it as it is.

We share many leisure areas which easy to access as against walking over a busy duel carriage and the same can be said for schools.churches and other projects.

We have a saying in industry IF it is not broken then dont fix it !!  
many thanks
