Dear Sir/Madam,

Ref Boundary Review - North of Sunderland

As an active local resident who has lived all of my life in the area and held senior positions within the local police force, the boundary proposals presented by the local Conservative group appears to make total sense for the area.
I strongly support renaming the proposed Southwick Ward to Southwick and Fulwell Mill Ward. A substantial part of the Fulwell community is within this ward and they do not consider themselves Southwick. It is important that the ward name reflects this. I also support the Conservative proposals in respect of Seaburn and Roker. The Fulwell community is split between three wards and this needs to be taken into account.
Hope this helps.
