Dear sir or madam

My name is [REDACTED] and my wife and I have been living at [REDACTED] "FULWELL" SR5 [REDACTED] for nearly 15 years. We chose FULWELL because of its reputation for quiet and almost crime free living. That fact is reflected in favourable insurance rates for both home and car. Southwick has a poor crime record and we don't want to be associated with that. Newcastle Road provides a perfect boundary line that divides the two areas so why change it. We also enjoy the political balance of Fulwell where we have different party representatives who fight for our environment. Fulwell have excellent and ever improving facilities, the schools have a great reputation and Sea Road is turning round and becoming a better place to visit. All of this is due to the residents and the committed efforts of our local councillors. Why are you proposing to wreck a successful and ever evolving community. Please leave the boundaries alone and let us continue our good work.
