## Comment text:

Dear Boundary Commission,

I am writing this e-Mail with regard to the proposed local government boundary change, which would transfer the street and indeed the area in which I live into an adjacent area to which I have no connection whatsoever.

The streets between Newcastle Road and the Network Railway line is an integral part of Fulwell, which shares community facilities such as Fulwell Medical Centre and the Community run library as well as Fulwell Junior and Infant Schools and Monkwearmouth Academy. We also use the excellent local shops and a Post Office in Sea Road and a long established pub The Blue Bell. All these facilities and amenities are not on the west side of Newcastle Road or Southwick and therefore I think the area should stay as it is and the boundary between Fulwell and Southwick Should be Newcastle Road and not the railway line.

Kind Regards
