Dear Sir

Consultation on proposals

Randwick and Westrip Parish Council

***Inclusion of part of the parish in the proposed Haresfield and Upton County
Council Division***

The parish council has carefully considered the proposal and is completely opposed to separating that part of the parish from the Painswick and Upton Division.

The council's reasons are

- 1. The character of Randwick and Westrip Parish has much more in common with Painswick than with the areas on the outskirts of Gloucester. The Hunts Grove area and the part of Upton St Leonards which are to be included in the Haresfield and Upton Division are on the fringes of Gloucester and suburban in character. Randwick and Westrip is more rural, very similar to Painswick.*
- 2. The geography of this part of Gloucestershire separates Randwick and Westrip Parish from the Haresfield and Upton Division: Randwick is on the eastern Side of the Cotswold scarp and overlooks Stroud: Haresfield, Hunts Grove and Upton are on the west side of the scarp and overlook Gloucester. Parishioners in Randwick associate themselves with Stroud rather than Gloucester.*
- 3. The Randwick SE and SW parish wards, which are housing estates, are part of the Stroud Rodborough Division, reflecting their more urban*

character. The parish's Randwick Ward consists of the village of Randwick and outlying hamlets as you can see from the map of the parish wards. That ward should remain with Painswick.

Please give due attention to the wishes of the parish representatives who are confident that their needs will be better served by remaining within the rural Painswick Division.

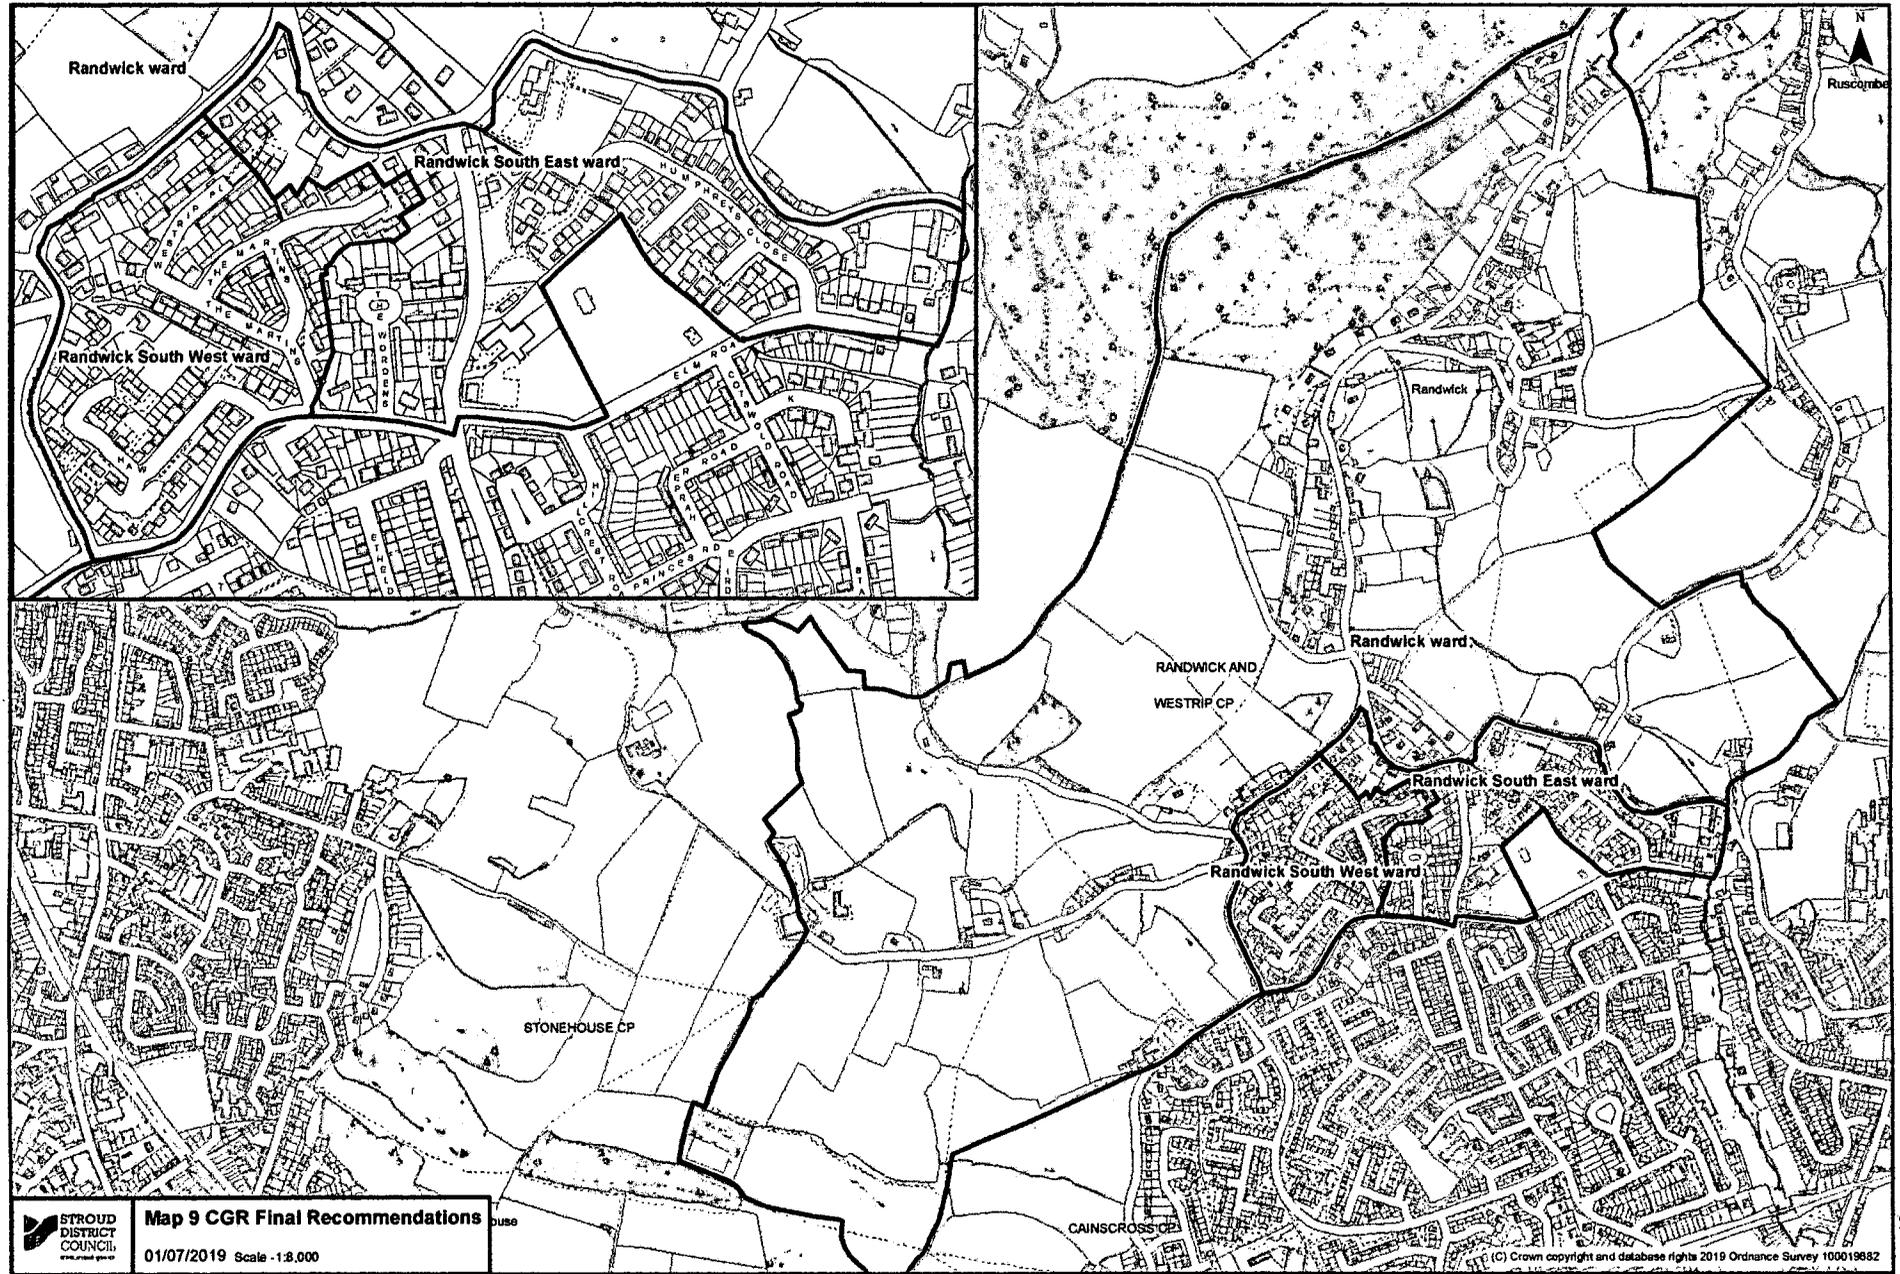

Yours faithfully,

*Barry Parsons
Clerk to Randwick and Westrip Parish Council*
