Comment text:

Being moved from a "Wantage and Grove" division to form a new division with the Hendreds, Harwell, Milton Heights, Blewbury, and Upton does not make any sense whatsoever for the new Kingsgrove estate. It will sit entirely within the new link road between Wantage and Grove, and the existing roads which connect it to Wantage already. Why and for what benefit of the people who live in this area would it be to change their division to one including towns and villages all of which are further away from them than Wantage?
