Dear Sir or Madam

as a constituent of Trinity Ward Stroud I am writing to register my opposition and disbelief that you wish to take Trinity away from Stroud Town and lump it with Painswick and Bisley.

Trinity is an urban not a rural Ward, and contains some of Strouds oldest buildings, its needs and concerns are very different from a village and I do not feel that I will be adequately represented by an area that I do not live in or have any connection to.

This seems to me to be a totally undemocratic decision. I would like to know how much opposition to this proposal.
