Related subject: Trinity Ward

To whom it may concern,

I attempted to complete the online form however when I pressed 'send' the message was unable to be set for some reason.

I object to the changing of trinity ward boundaries. As a resident of Trinity Ward it seems totally illogical to be included into Bisley and Painswick. These are small villages several miles away from Stroud which I have no connection or relationship to. I do not think a councillor who lives in one of these villages could fully understand the needs of the local residents here in Trinity ward Stroud.

Please pass on my thoughts.
